GRUNDFOS

MINIMISE BREAKDOWNS WITH GRUNDFOS ORIGINAL SPARE PARTS

Just as your car needs to be regularly serviced and maintained, so too do your pumps. By servicing your pumps with Grundfos Original Spare Parts, you will ensure your pumps are running more optimally, cost-effectively and efficiently.

And thanks to our 24/7 delivery options and global distribution centres, you will get all the spare parts you need in an instant.

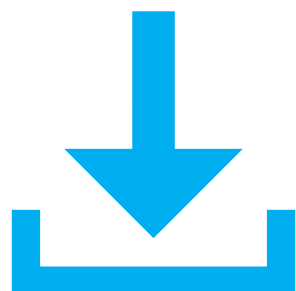

- Fewer surprises
- Greater reliability
- Increased efficiency
- Fast delivery

BENEFITS OF GRUNDFOS ORIGINAL SPARE PARTS

JUST BOUGHT A NEW PUMP? OR IS YOUR WARRANTY ABOUT TO EXPIRE?

You can download the exact installation and operation manual for your pump online.

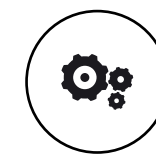

Inside, you'll find all our recommendations for the long-term maintenance and service of your pumps to ensure reliable and efficient performance.

STOCK UP THE WAY YOU WANT

We have tailored our Spare Part solutions to suit all your system needs and requirements.

We offer everything from single spare parts to large bulk orders to make sure that you have access to everything your systems require, no matter the application, challenges, pump types, location or organisation size.

Spare
Parts

Grundfos Original Spare Parts

Minimise surprises by stocking up on Grundfos Original Spare Parts. Order Single Spare Parts or get a complete list of Recommended Spare Parts for certain Grundfos pumps at the time of purchase, or when your warranty expires. Be prepared for any future maintenance or repair work to prolong pump lifetime and save money. Our Spare Parts are typically available for ten years after production of the pump has been discontinued.

Service
Kits

Grundfos Service Kits

Minimise downtime and future-proof performance with Grundfos Service Kits. When the unforeseen happens in your pump system, we are ready to assist you with pre-packaged Service Kits, tailored to each pump and system to replace exactly the parts you need.

HOW TO GET STARTED?

**Spare Parts can be ordered
from your local Grundfos
dealer or directly through the
Grundfos website.**
