

Float Controls

Model Description Max hp Max amps Volts Cord Length

Standard Float Controls

K001001	Float Control with series plug, LE bracket	3/4	13	115	10'
K001629	Float Control with series plug, Pipe clamp	3/4	13	115	15'
K001004	Float Control with series plug, LE bracket	3/4	13	115	25'
K001347	Float Control with series plug, Pipe clamp	3/4	13	115	35'
K001019	Float Control with series plug, LE bracket	1	13	230	10'
K001062	Float Control with series plug, LE bracket	1	13	230	25'
K001348	Float Control with series plug, Pipe clamp	1	13	230	35'

Heavy-Duty Float Controls

K001063	HD Float Control with series plug, LE bracket	1	15	115	10'
K001064	HD Float Control with series plug, LE bracket	1	15	115	25'
K001065	HD Float Control with series plug, LE bracket	2	15	230	10'
K001066	HD Float Control with series plug, LE bracket	2	15	230	25'

Omnivore LSG/LSGX Float Controls

K001136	Float Control with series plug Type 6-20, LSG mounting	2	15	230	25'
K001340	Float Control, bare leads (no plug), LSG mounting	2	15	230	35'

Vertical Style Float Controls

K001029	Vertical Float, series plug, Pipe clamp	1/2	13	120	10'
K001480	Vertical Float, series plug, Pipe clamp	1/2	13	120	25'

Double Float Controls - Variable Levels

K001030	Double Float Control - variable level, Pipe clamp	3/4	13	115	20'
K001032	Double Float Control - variable level, Pipe clamp	1	13	230	20'

High Temperature Float Controls

K001067	High Temp Control, 200°F, series plug, LE bracket	3/4	13	115	10'
K001068	High Temp Control, 200°F, series plug, LE bracket	3/4	13	115	25'
